## WATSON'S NAME IS ON THE LIST

Washington Correspondent to Cincinnati Enquirer Says Local Man May be in Race.

### FOR THE G. O. P. NOMINATION

Looks Like a "Favorite Son" Affair, With One Hailing From Many Northern States.

A Washington dispatch to the Cincinnati Enquirer says that Indiana Republicans are backing their two favorite sons, James E. Watson and Charles W. Fairbanks. From the present viewpoint, it looks like a "favorite son" affair, the Washington correspondent says, and continues:

This early in the contest it looks like a free-for-all, with eight or ten entries. These candidates will come from a sufficient number of the big northern states to prevent a choice on the first or any of the early ballots.

For example, New York, with nearly eighty delegates, will be behind a favorite son of that state, Gov. Whitman, Senator Wadsworth or some one who may develop within the next twelve months.

Pennsylvania, with something like seventy delegates, likewise is expected to have a candidate in the person of former Senator and Secretary Philander C. Knox of Gov. Brumbaugh.

Then will come Ohio, supporting Senator Theodore E. Burton, former Ambassador Myron T. Herrick or Gov. Willis; Indiana, backing former Vice President Fairbanks or former Representative James E. Watson, and Illinois, behind Representative James R. Mann or Senator Lawrence Y. Sherman.

The Michigan delegation, shouting for Senator William Alden Smith; Massachusetts and other New England states boasting Senator John W. Weeks; Iowa probably ready to vote for Senator Albert Cummins, former Gov. Hadley, perhaps boomed by delegates from Missouri, and last, but not least, Senator William E. Borah of Idaho, supported by a number of the far western delegates.

With these men arriving at the convention with substantial support it is easy to see the chances would be against a choice on the first second ballot, unless one of these candidates should have developed unusual strength by the time the states begin to elect delegates. Such a situation at the convention will afford a magnificent opportunity for men skilled in the science of political tactics and strategy and out of the confusion they may form a combination which will name the candidate from among those actively seeking the nomination or from among eligibles who are without mentionable support at the convention.

### U. R. K. OF P. DRILL.

The members of U. R. K. of P. No. 35 are requested to meet at Castle Hall Thursday night at eight o'clock for drill practice. A "pitch-in" lunch will be served after drill.

POLICE MAKE RAID.  
Late this afternoon the police made a raid on rooms over the August Roth pool room in First street. Several cases of what appeared to be whiskey were hauled to the jail. No arrests had been made at four o'clock.

### WILL CONVENE WEDNESDAY

Grand Jury Will be Back After Four Days' Vacation.

After a vacation of four days the grand jury will again be in session Wednesday. Prosecutor Stevens hopes to complete the testimony in the case against Omer Brown, who is held in jail on an affidavit charging grand larceny, it being alleged that he stole \$180 from Martin Kelley. Brown has been before the grand jury once and other witnesses are to be called. Brown is held on failure to get bond in the sum of \$200. It is believed that the grand jury will complete its work for the term by Saturday.

## SMALLPOX FOUND WEST OF ARLINGTON

D. E. Shelton, living on Shelby-Rush County Line, is Placed Under Quarantine Today.

### NO ONE HAS BEEN EXPOSED

D. E. Shelton, former trustee of Hanover township, Shelby county, living near Gwynneville and just across the line separating Rush and Shelby counties, who was discovered yesterday to be suffering with smallpox, was removed this morning to a discarded tenant house on his farm and placed under quarantine.

It is not thought that anyone outside of the immediate family, excepting the physicians, Drs. McCray and Pierson of Morristown, had come in contact with the patient and it is the opinion in the neighborhood that the disease can be kept from spreading.

There is some doubt as to where he contracted the disease. He visited his son, Arthur Shelton, who is a student at Purdue university, last week. It is believed that he might have become infected while in Lafayette because his son was rooming with a student who was sick while Mr. Shelton was there.

## CRIMINAL CASES ARE POSTPONED

Failure of Deputy Game Warden to Come Here Causes Continuance of Dynamiters' Trial.

### HAVE BEEN SET FOR MARCH 8

Failure of the deputy game warden to put in an appearance caused a postponement of the cases against John Toolen, Greely Perkins, Tom Keating and Hubert Moster, charged with using dynamite to kill fish. The cases were set for trial today in the circuit court, but when the game warden did not come Prosecutor Stevens filed a motion for continuance and it was sustained by the court.

The cases have now been set for trial March 8 and an effort will be made to get Lewis J. Amos, the game warden, who is the prosecuting witness here. Amos, it is understood, lives at Brookville and since he filed the affidavits against the men it is necessary that he be here at the trial.

The funeral services of Mrs. Elizabeth Gandy will be conducted Wednesday afternoon at the residence in East Tenth street, burial will take place in East Hill cemetery.

## TWO WEEKS AND ASSESSOR CALLS

Order of Ten Per Cent Increase in Real Estate Valuations is Expected to Cause Complaints.

### ASSESSORS MEET NEXT WEEK

Township Assessors Have Extra Duties Imposed Upon Them This Year.

The township assessors will meet here again next week with Henry Schrader, county assessor, to get their supplies and get final instructions as to their duties, which will begin two weeks from yesterday, the first day of March.

The township assessors were given preliminary instructions at the meeting with the county assessor here last Saturday. All township assessors, with the exception of one, were present. County Assessor Schrader reported the result of the meeting with the state tax commission in Indianapolis last Friday. A district meeting of assessors with members of the state board is called for next Friday at Richmond.

The ten per cent increase in the assessment of real estate, as agreed at the meeting Friday, is expected to cause many complaints because many persons think real estate is assessed high enough now. Real estate assessment is taken only every four years.

A study of the personal property schedules for 1915 shows that no change whatever has been made in them as compared with the schedules for 1914. Last year and the year before the instructions from the state board of tax commissioners relative to the assessments of live stock and grain will be received later. No definite instructions have been given so far as to the assessment of wheat. At the present market price people who are holding very much wheat may expect a rather large assessment. Eben H. Wolcott, member of the state board of tax commissioners, who addressed the meeting held in Indianapolis, Friday, told the assessors that about the only thing they could do in their annual work was to follow the law and assess property for what it is actually worth.

In addition to assessing property the township assessors will have another duty imposed upon them this year by the state bureau of statistics. They will have to learn how many acres of land each man rents, the number of acres of waste land, the number of acres of pasture land, etc. They also must secure figures on the crops of various kinds the amount of butter, eggs and chickens, hogs, cattle and other live stock owned during the past year and on hand the first of this year. This work is not so particularly difficult, but it takes a great deal of time if it is done accurately.

### MAY NOT RECOVER.

Frank Beagle, of Clarksburg, who was wounded Saturday night in a revolver duel in Greensburg by Samuel Coulter, was not so well today and fears are expressed for his recovery. He has been taken to Clarksburg and the attending physician states that he fears complications may arise that will prove serious.

The funeral services of Miss Mary Poppon, who died yesterday at her home near Raleigh, will be held Wednesday morning at eleven o'clock in the Raleigh Christian church and burial will take place in the church cemetery.

## REQUEST FOR POLICEWOMEN

Legislative Council of Indiana Women Cite Case of Jennie Thompson, Portland Girl

### ASSESSORS MEET NEXT WEEK IN TOILS OF "WHITE SLAVER"

Letter Addressed to Legislators Today Calls Attention to Part Women Can Play

(By United Press) Indianapolis, Ind., Feb. 16.—In the face of apparent police indifference to the case of Jennie Thompson, 18, of Portland, Ind., whose innocence was her only protection when she was in the power of a "white slaver" the Legislative Council of Indiana Women today laid on the desk of each member of the legislature a letter asking them to enact a law providing for policewomen in the twenty-five largest cities in Indiana.

"Policewomen would lead the crusade against the white slave traffic," the letter stated. "They are not expected to wield a club and arrest noisy brawlers, their work is that left undone by the male policeman because he is not fitted to do it; to watch the first wayward step in amusement places, dance halls and on the streets."

The letter was issued just before the policewomen bill came up on divided committee report in the house. The house refused to kill the bill and adopted the minority report which was for passage.

The Thompson girl was taken to Portland on the seven o'clock car this morning by Major Preston of the Volunteers of America.

A man who gave his name as Harold J. Armstrong married Jennie Thompson at Portland, his ulterior motive being to sell her into "white slavery." At least he made such a confession to Major Preston yesterday in Indianapolis, where Armstrong brought his youthful bride. He relented, Major Preston said, when he saw the Thompson girl kneeling at her bedside in prayer. Armstrong escaped.

The girl, tall, slender, and dark eyed, with pretty brown curls, her dream of a happy life in the city shattered, is heartbroken, thankful, however, that she escaped a terrible fate in the nick of time. With her is a little brother who accompanied her on the promise of employment here. Both are penniless, the husband robbing them of the little money they had brought with them.

The story sounds like that of lurid melodrama, the old, old case of the handsome stranger who appears in a small town, proposes to the trusting girl inside of two months, brings her to the city and then deserts her. The "villian" in this case however, did not intend to desert the girl until he had sold her into a life of shame, according to her confession to Maj. Preston.

The couple was married by a Portland minister, the man going under the name of Harold J. Armstrong. Later, when the police searched his belongings, they found that he also went by the name of R. H. Hagerman.

Learning of the man's deception, Maj. Preston detained him in a restaurant to await the arrival of detectives who had been notified. Instead two bicyclists were sent out and when the "slaver" saw them coming he bolted.

Not until the police arrived at the rooming house to learn what they could of her betrayer, did the girl know that the bright bubble had burst. Then she sobbed out her pathetic story.

"At first we were not going to be married until April," she said, "but

## FAVORABLE REPORT TODAY

House Acts on Measure to Oust Dr. J. N. Hurty.

(By United Press)

Indianapolis, Ind., Feb. 16.—The majority of the house committee on health today reported favorably the Feick bill to oust Dr. J. N. Hurty, secretary of the State Board of Health. The members who signed a majority report were Kauffman, Kempton, Fale, Friend and Carlin Myers. The minority who opposed the bill were Niblack and Morris.

## AGREE TO STAND BY ADMINISTRATION

House Democratic Caucus Will Uphold Wilson in Ship Purchase Fight, Decided Today.

### CLARK MAKES AN APPEAL

(By United Press)

Washington, Feb. 16.—House Democrats in caucus early today agreed to stand squarely behind the administration ship purchase bill as a party measure. This position was taken after Speaker Clark—defeated for the presidential nomination—eloquently pleaded for party solidarity.

"We have wandered sixteen years in the wilderness," said Speaker Clark in the caucus, which had first shown signs of wavering. "You will continue to wander there unless you follow your party leadership."

Obedying the house caucus mandate the rule committee today reported favorable on the administration compromise bill with debate limited to six hours. Passage of the bill before adjournment was the program. A vote was expected about eight o'clock tonight.

## SENATE IS GOING TO FUSS WITH NEWS

Adopts Resolution to Investigate Charge of Newspaper That Taggart Dominates It.

### MAY HIRE SOME ATTORNEYS

Indianapolis, Ind., Feb. 16.—When Thomas Taggart, Democratic national committeeman, sent a communication through the senate today enclosing a clipping from the Indianapolis News in which the News charged that Taggart had "dominated the senate" in connection with the decrease of the Ballou fish and game bill two days ago, the senate passed a resolution to investigate the charge made by the News.

The charge made at the time was that Senator Ballou had been disciplined by the organization because he, a Democrat, had voted against the Mayor Bell finance board bill for Indianapolis.

The resolution was presented by Democratic Floor Leader Van Nuyts and it gave the senate committee thus provided for power to call witnesses and hire attorneys.

### PASSAGE ASSURED.

(By United Press)

Washington, Feb. 16.—Passage by the house tonight of the compromise ship purchase bill was assured this afternoon when in a preliminary testing of the administration's strength the house adopted by 186 to 139 the "gag" rule bringing up the bill for consideration and limiting debate to six hours.

## BILL WILL GO BEFORE SENATE

State-Wide Direct Primary Measure Will be Considered Tomorrow by Request of Author.

### 36 BILLS KILLED BY HOUSE

Surprise Furnished When Measure to Give Partial Suffrage to Women is Introduced.

(By United Press)

Indianapolis, Ind., Feb. 16.—The house today adopted a motion of Representative Branaman chairman of the ways and means committee to make the general appropriation bill a special order of business for two p. m. Thursday.

Representative Perry Rule furnished a surprise by introducing in the house today the partial suffrage bill asked by the legislative Council of Indiana Women. The Democratic leaders had been given until today to decide whether they would back the bill.

It was learned the women had given the bill Representative Griffith to introduce and that he had turned it over to Representative Rule. The bill was referred to the committee on judiciary A.

The women had stated that they did not yet know whether the organization would present the bill and that they had received no word about it.

The bill closely follows the Illinois law which allows women to vote for president and city offices and for other offices not provided for in the state constitution.

Senator Rinear today moved that the Jones-Rinear direct primary bill be recalled from the committee on elections and placed upon its passage under the rule which says that the author of the bill recall it if it has remained in committee six days or over without report. Senator Van Nuyts moved it was reported by the committee at ten o'clock tomorrow. This brings the fight on the primary before the senate tomorrow.

The senate today passed the Neal bill which would regulate fraternal and benevolent orders by restricting the arbitrary increase in insurance.

Thirty-six bills were killed by the house today. Among them was the Judkins bill to appropriate \$15,000 to provide for Indiana's part in the celebration of the freedom of the negro in Chicago.

The infant child of Mr. and Mrs. Herbert Morris, of New Salem, died yesterday at the home of her parents, Mr. and Mrs. Harry Martin in Brookside. Burial took place today in New Salem.

The funeral services of Jess Leforge will be conducted Wednesday morning at ten o'clock at the late residence near Anderson and burial will take place in East Hill cemetery.

### Watch Your Step

A business takes a step backward when it stands still.

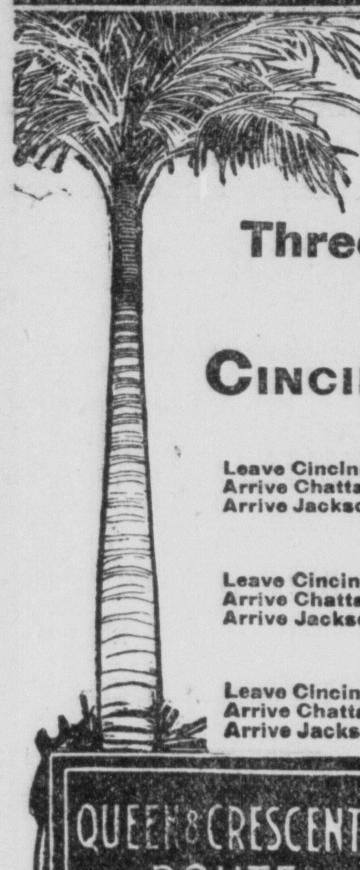

The day progress ceases, is the day dry rot begins.

Business should grow as the population increases—if it does not the possible reason is that competitors are more successful in attracting trade.

It advertises its right to live and to thrive—its capacity for service.

It uses newspapers for its advertising because they afford the most efficient means of reaching the public.

### A SIMPLE WAY TO REMOVE DANDRUFF

#### Prevent Falling Hair and End Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid soap from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

Spain sent a note to the neutral powers protesting against the expulsion of the Spanish minister, Jose Caro, from Mexico by General Carranza, and asks that joint action be taken to end what is termed a state of anarchy in Mexico. Washington dispatches say the United States government has not received any application for joint action in Mexico. It is manifestly the case that Spain thought it needless to send such a note to the United States be-

cause this government has failed to put down what is, to all appearances, a state of anarchy.

Don't prescribe medicine for your self unless you know the amount and kind of drugs in the preparation. Don't take unproven remedies. Don't take poisonous or habit forming drugs. In other words, don't pour medicine of which you know nothing into a body of which you know less.

These are the vital points in an article published by the U. S. Public Health Service in the public health reports of February 12, which discusses the limitations of self-medication from a different point of view to that taken by either the ardent advocate of household remedies or the person who unqualifiedly condemns all medicines. It is obviously the right of every human being to select and take his own medicine, provided he does so without harm to himself or to others. Yet so many changes have taken place

### \$3000.00 FIRE PREVENTED

Read This Letter:  
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

These may be direct as the result of harmful agents contained in the medicine itself or by reason of an improper method of administration. Case of C. A. Miller vs. C. B. Hulsmann et al., Involving 170 Acres of Land, Out of Court.

### SPECIAL JUDGE APPOINTED

The partition suit of Charles A. Miller against Charles B. Hulsmann et al., which has been "hanging fire" in the circuit court for over a year, was settled today and the final report of the commissioner, John A. Tindall, of Shelbyville was approved. The estate involved 170 acres of land in Shelby county. A. L. Gary acted as special judge in the case and approved the final report.

L. L. Broaddus of Connersville was appointed special judge to hear the petition of the American Creosoting Company against William Reddington, in which a review of the judgment and a stay of proceedings is asked. Reddington obtained a judgment for \$1500 against the creosoting company and when the case was withdrawn from the appellate court this proceeding was brought in the local court. The question of a bond to stay the judgment was to be taken up by Judge Broaddus this afternoon.

### FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says every body is using old-time recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

### SEEMS QUESTION OF WHO IS WHO

Not Much Difference in Registration

Bill Except as to What Name

Shall go on Its Back.

### LEGISLATURE IN AGREEMENT

About Only Difference in Proposed  
Measures is Mileage Which In-  
spectors Shall Have.

(By United Press.)

Indianapolis, Feb. 16.—With the legislature in practical agreement over the sort of registration amendment to be adopted this session, the house nevertheless witnessed a desperate struggle today when the two amendments were reported by the election committee and the judiciary bill.

The struggle was over the serious matter of whose name should be registered on the back of the law.

There was the Kemp-Dragoo-Van Auken bill which came from the elections committee, and which seems to have the most backing at present, and there was the Feick-Deck-Fulton bill that came from Judiciary A. Both provide for a permanent registration in all precincts, city and country—and this is a radical amendment of the present law. They differ in minor matters such as mileage for registration inspector.

The most serious tangle over registration is that in which Rep. Feick has found himself. Feick first introduced a bill repealing the present law. When this was killed in the house elections committee he introduced another providing for registration only in cities over 10,000 population. This also was killed by the elections committee. His third bill is the one reported today.

There was one suggestion that these many fathers of registration ideas might combine on a compromise to be known as the Van Auken-Feick-Kemp-Dragoo-Deck-Fulton bill.

Both bills retain the provision whereby ten voters in a precinct may by petition keep the polls open for a second day. The Feick-Deck-Fulton bill allows 5 cents mileage and \$2 for going and coming of the inspector. The Kemp-Dragoo-Van Auken bill allows 10 cents mileage. Whereas the Feick-Deck-Fulton bill goes more into details, it would increase slightly the expense of registration, according to Kemp of the Kemp-Dragoo-Van Auken combination.

## A VALUABLE SUGGESTION

### Important to Everyone

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp Root.

You may receive a sample bottle of Swamp Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Rushville Daily Republican.

New York, Feb. 16.—Now that Judge Landis' justly celebrated decision is expected, the sporting spotlight is beginning to shift its blear eye to the southward.

Its only a matter of days now until our old friend Chas. Horse will start paying his annual call to the training camp and the creaks and groans of stiffened muscles will reverberate through the north.

Practically all the big leagues clubs will carry their usual quota of embryo stars to the camps. The American league refused to condone the twenty-one player limit which the National magnates advocated and that means the usual number will go—and the usual number turned back.

Manager McGraw of the Giants will carry fully fifty recruits to Marlin this season. The Giants infield is thought to be practically intact now that Honus Lobert has plugged that hole at third, but McGraw thinks the outfield and pitching departments could stand a little bolstering and to that end is paying the expenses of more young pitchers and outfielders than in former years.

George Stallings' state, Georgia, is being much favored by baseball men this year, as a place to work out the kinks, particularly by the Feds. Four of the third circuit squads will train there as will the Champion Braves and the Yankees. Texas and Florida draw their usual number.

Jack Dillon Fights Cousin of Late "White Hope" Tonight.

(By United Press.)

Brooklyn, N. Y., Feb. 16.—Jack Dillon, once more a contender for the middle weight championship since his announced arrangements to fight Chip twenty rounds, tonight will meet Tom McCarthy in a ten round fight. Tom is a cousin of the late Luther McCarthy, famed "white hope" who was killed in a battle with Arthur Pelky in Canada.

McCarthy is regarded as one of the toughest propositions ever produced in Montana. He recently earned a victory over Porky Flynn. Dillon also has defeated Flynn.

(By United Press.)

Amsterdam, Feb. 16.—Kaiser Wilhelm will give his blessing to German submarines as they take to sea on their mission of "starving out" England. The kaiser will go to Cuxhaven, the German naval base, on Thursday, February 18 when the new policy of raiding British merchant traffic is formally launched and will urge his under-sea terrors to wipe out English merchantmen.

Dispatches from Berlin said this announcement had created wild enthusiasm there.

## GERMAN SENTIMENT AGAINST AMERICA

Bitterness of Feeling is Spreading to Depth Which None in United States Realize

### SERIOUS CRISIS IS FEARED

BY KARL H. VIEGAND

(U. P. Staff Correspondent.)

Berlin, Feb. 16.—The American government, press and public apparently do not realize to what extent and depth the bitterness of feeling throughout Germany against Americans is spreading. With the German press daily publishing dispatches tending to show that the United States is siding more and more with the allies, the people of Germany are becoming worked up to a point which it would be difficult to exaggerate.

Officials and American citizens here can not disguise their serious fears that some incident will occur that will lead up to a serious crisis.

Wounded officers and men from the front openly charge that the German losses, now that the French are using American manufactured arms and ammunition, are much greater.

### \$60 INTEREST PAID ON \$100

(By United Press.)

Indianapolis, Feb. 16.—Senator McCormick, author of the loan shark law and the pending amendment to prevent loan companies

making what he calls excessive interest charges by "split loans" has received letters encouraging him in his fight.

They come from many cities, including Columbus, Ind., Evansville and Terre Haute.

"The loan companies here charge a legal rate of interest but they refuse to lend for more than thirty days at a time," wrote a Terre Haute man. "They charge \$3 for services in making the loan. This makes the interest \$5 a month on \$100.

At the end of the thirty days a 3 per cent renewal fee is charged. In twelve months the interest is \$12 and the renewal fees \$36, or the total interest is \$60 on \$100."

## INVESTIGATION IS CONSIDERED

Committee of Hold-Over Senators

Will Look Into Proposal to Merge State Universities.

### THESE ARE PRESENT PLANS

Action on Bill For Merger Depends, it is Said, on How Much Money Schools Demand.

(By United Press.)

Indianapolis, Feb. 16.—The senate finance committee composed of eight senators has very decided opinions concerning Indiana's educational institutions, and they are as different as they are positive. This is the committee that now has the Purdue-Indiana merger bill.

The probable course of the bill was indicated today by Senator Van Auken, its author and chairman of the finance committee. He said:

"In all probability the senate will appoint a committee of hold-over senators to make an investigation of the merits of the proposed change and report to the next meeting of the general assembly. This action probably will not be taken until after the appropriations for the schools have been made."

Regarding appropriations for the two institutions, Senator Summers of the committee had an interesting theory of the purpose of the bill.

"I think the committee will do nothing with this bill unless the two universities are too unreasonable in their demands for appropriations. In the past the schools have asked for more and more money each year and this must be stopped. If it is not ended the chances of a merger become greater each day this assembly is in session. In the past both schools have spent money lavishly for things absolutely unnecessary."

Senator Rinear and George C. Wood had interesting opinions. These members of the finance committee differed greatly. One would abolish everything but Purdue and the other would not change anything.

"I believe Indiana university and the State Normal at Terre Haute ought both to be abolished, leaving only Purdue to continue as the state university," Senator Wood, who is a farmer, is enthusiastic over the agricultural department of Purdue.

"My candid opinion is that our state educational institutions which have required years to build up should not be disturbed," said Senator Rinear of Bluffton. "Their usefulness during the period of readjustment would be greatly impaired, and I can see no crying need for the consolidation proposed in Senator Van Auken's bill."

Mayor Harris of Bloomington was in the city yesterday. He said the water situation in Bloomington is as good as that of any city of the state, because of the improvements made in the past few months. He said that because of the buildings that have been donated by private individuals with the understanding that Indiana remains there it would be very difficult to take the university away from Bloomington.

"The loan companies here charge a legal rate of interest but they refuse to lend for more than thirty days at a time," wrote a Terre Haute man. "They charge \$3 for services in making the loan. This makes the interest \$5 a month on \$100.

At the end of the thirty days a 3 per cent renewal fee is charged. In twelve months the interest is \$12 and the renewal fees \$36, or the total interest is \$60 on \$100."

### HOW DOES THE REAR AXLE OF YOUR CAR "SOUND" AND ACT?

Is it noisy, loose and does it seem to "gather together" before the car moves, instead of acting noiselessly and as a single unit?

Every car's "rear end" should be overhauled once a year and the brakes should be reined—if you want to enjoy safe, "worry free" motoring and have brakes that HOLD.

Now is the time to have US do the work—here in a first class shop where ALL the work is done by skilled mechanics. Our charges are Moderate.

## NOT TO DIVIDE STATE OF TEXAS

Bill is Killed in Committee but Panhandle District Will Be Redistricted

GETS MORE CONGRESSMEN  
Charge Made That Liquor Interest Opposed Plan—Was to Have Been Called Jefferson

(By United Press.)

Austin, Texas, Feb. 16.—The bill to make a separate state out of the Panhandle section of Texas, although buried in committee today and fated to die by sentiment for the "grand old state," served its purpose. This was, as its author, Senator W. A. Johnson, pointed out in the preamble of his resolution, to force the redistricting of Texas in accordance with the last census.

The charge was specifically made that liquor interests were largely responsible for the failure to redistrict and give the Panhandle section fair representation in Congress. A "slush fund to control state politics" was mentioned, and the inhabitants of the proposed new state of Jefferson "wished to free of such domination," it was stated.

Immediately following the Johnson resolution, a redistricting bill was introduced and today was believed to be certain of passage at this section of the legislature.

The great size of Texas is known to every school child in America. The proposition to divide Texas into two or even more states is not a new one. But this year the suggestion was received with less ridicule than ever and few political wiseacres were willing to predict that in the not far distant future such a bill would have a fair chance of passing the legislature.

Senator Johnson's bill proposed to organize a new sovereign state out of the four western counties and the so-called Panhandle district. The preamble declared this section was entitled to two more Congressmen than it has today, that it supplies practically all the public school lands and pays to support free education in Texas out of all proportion to other parts of the state, and that its representation in the state legislature should be increased.

The bill provided for the organization of a legislature and a constitutional convention in the suggested new state.

## REQUEST FOR POLICEWOMEN

Continued from Page 1.

he urged me to advance the date and I consented. My little brother was offered work and my parents thought it would be all right if he came along with me. Harold said he didn't have money enough to pay my brother's expenses, and so my grandfather paid his way. Now even that money is gone."

The confession which Armstrong alias Hagerman, made to Maj. Preston brought to light a sordid story of a criminal who still could be touched by the sight of a girl at prayer.

"I've got a confession to make" the well-dressed, crafty, young man told Maj. Preston, yesterday morning. After hesitating for a time he began:

"I've been crooked all my life. I'm a 'white slaver' and I married a girl under a fictitious name and brought her here to sell. I've been guilty of burglary and I've made lots of money dealing with resort keepers."

"Last night while we were in the room together this girl knelt down by the bed and said her prayers it sort o' got me. I don't want to tell her what I've done and I don't know what to do."

Armstrong expressed no desire to reform. He only seemed to wish to give up his latest victim. After a cautious conversation Armstrong finally consented to take Preston to the rooming house on condition that he would pose as a friend and mention nothing of what he had learned. Preston then was led to 228 North Senate avenue.

An employee at the Volunteers' office had noted the address and called the police. After remaining with the girl as long as Armstrong would permit, Preston suggested that they go for lunch. The police tracked them to the restaurant on Indiana avenue from which the fugitive made his escape.

## WHEAT IS GOING BACK UP AGAIN

INCREASE OF THREE AND ONE-QUARTER CENTS IN CHICAGO TODAY CAUSES.

FIVE CENT RISE IN FLOUR.

### \$1.52 BUSHEL OFFERED HERE

Wheat prices did not stay down long. After a temporary lull of a few days, the price is soaring again and threatening to get back to the high marks of a short time ago. The close on May wheat in Chicago today was \$1.62 $\frac{1}{4}$ , which is a gain over yesterday's close of three and one-quarter cents. This resulted in the price of flour rising five cents on the sack today when the Rush County Mills notified local dealers that the price had gone up five cents. Only a few days ago the price of flour was reduced ten cents a sack. The local bid for wheat today was \$1.52 a bushel.

Wheat prices rose rapidly in Chicago today. With May wheat gaining three and one-quarter cents, July options also were up two and one-eighth cents, closing at \$1.36 and three-eighth cents. Corn and oats both revealed a loss today, with the exception of July oats options. May corn closed at .79 $\frac{1}{4}$  cents, a loss of one-half cent, and July was quoted at .80 $\frac{1}{4}$  cents, with a like loss. May oats closed at .60 $\frac{1}{4}$  cents, a loss of one-eighth of one cent, and July at .57 cents, a gain of three-eighths of a cent.

### CONFER WITH BUTLER.

After several postponements the county commissioners made the trip to Indianapolis today where they were to attend a conference with Amos Butler, secretary of the state board of charities. It is expected that Mr. Butler will show them plans for a new building and tell the commissioners his opinion on the present situation at the county poor farm.

### RUSH COUNTY NATIVE DIES.

Mrs. Martin L. Meeks, a native of Rush county, is dead at her home in Muncie, following a prolonged illness. She was born in this county and moved with her parents, Mr. and Mrs. Robert Clark, when young, to Delaware county where she spent the remainder of her life. She is survived by her husband, three sons and one daughter.

### ONE DRUNK FINED.

George Brown was fined one dollar and costs last night by Mayor Bebout on the charge of public intoxication. The fine and costs amounting to \$11 was stayed. Brown was arrested Saturday night and was released Sunday on bond.

Bessie Cox has filed a partition suit against Joseph Barber, Arwin Barber, Riley Cox, administrator of the estate of Ellen Barber, deceased.

Charles Elwell and family have moved from their home in Fayette county to the old Elwell home place near Raleigh.

## TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a full misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

## WATSON'S NAME IS ON THE LIST

Washington Correspondent to Cincinnati Enquirer Says Local Man May be in Race.

### FOR THE G. O. P. NOMINATION

Looks Like a "Favorite Son" Affair, With One Hailing From Many Northern States.

A Washington dispatch to the Cincinnati Enquirer says that Indiana Republicans are backing their two favorite sons, James E. Watson and Charles W. Fairbanks. From the present viewpoint, it looks like a "favorite son" affair, the Washington correspondent says, and continues:

This early in the contest it looks like a free-for-all, with eight or ten entries. These candidates will come from a sufficient number of the big northern states to prevent a choice on the first or any of the early ballots.

For example, New York, with nearly eighty delegates, will be behind a favorite son of that state. Gov. Whitman, Senator Wadsworth or some one who may develop within the next twelve months.

Pennsylvania, with something like seventy delegates, likewise is expected to have a candidate in the person of former Senator and Secretary Philander C. Knox of Gov. Brumbaugh.

Then will come Ohio, supporting Senator Theodore E. Burton, former Ambassador Myron T. Herrick or Gov. Willis; Indiana, backing former Vice President Fairbanks or former Representative James E. Watson; and Illinois, behind Representative James R. Mann or Senator Lawrence Y. Sherman.

The Michigan delegation, shouting for Senator William Alden Smith; Massachusetts and other New England states boasting Senator John W. Weeks; Iowa probably ready to vote for Senator Albert Cummins; former Gov. Hadley, perhaps nominated by delegates from Missouri; and last, but not least, Senator William E. Borah of Idaho, supported by a number of the far western delegates.

With these men arriving at the convention with substantial support it is easy to see the chances would be against a choice on the first second ballot, unless one of these candidates should have developed unusual strength by the time the states begin to elect delegates. Such a situation at the convention will afford a magnificent opportunity for men skilled in the science of political tactics and strategy and out of the confusion they may form a combination which will name the candidate from among those actively seeking the nomination or from among eligibles who are without mentionable support at the convention.

### U. R. K. OF P. DRILL.

The members of U. R. K. of P. No. 35 are requested to meet at Castle Hall Thursday night at eight o'clock for drill practice. A "pitch-in" lunch will be served after drill.

### POLICE MAKE RAID.

Late this afternoon the police made a raid on rooms over the August Roth pool room in First street. Several cases of what appeared to be whiskey were hauled to the jail. No arrests had been made at four o'clock.

The funeral services of Mrs. Elizabeth Gandy will be conducted Wednesday afternoon at the residence in East Tenth street, burial will take place in East Hill cemetery.

### WILL CONVENE WEDNESDAY

Grand Jury Will be Back After Four Days' Vacation.

After a vacation of four days the grand jury will again be in session Wednesday. Prosecutor Stevens hopes to complete the testimony in the case against Omer Brown, who is held in jail on an affidavit charging grand larceny, it being alleged that he stole \$180 from Martin Kelley. Brown has been before the grand jury once and other witnesses are to be called. Brown is held on failure to get bond in the sum of \$200. It is believed that the grand jury will complete its work for the term by Saturday.

## SMALLPOX FOUND WEST OF ARLINGTON

D. E. Shelton, living on Shelby-Rush County Line, is Placed Under Quarantine Today.

### NO ONE HAS BEEN EXPOSED

D. E. Shelton, former trustee of Hanover township, Shelby county, living near Gwynneville and just across the line separating Rush and Shelby counties, who was discovered yesterday to be suffering with smallpox, was removed this morning to a discarded tenant house on his farm and placed under quarantine.

It is not thought that anyone outside of the immediate family, excepting the physicians, Drs. McCray and Pierson of Morristown, had come in contact with the patient and it is the opinion in the neighborhood that the disease can be kept from spreading.

There is some doubt as to where he contracted the disease. He visited his son, Arthur Shelton, who is a student at Purdue university, last week. It is believed that he might have become infected while in Lafayette because his son was rooming with a student who was sick while Mr. Shelton was there.

## CRIMINAL CASES ARE POSTPONED

Failure of Deputy Game Warden to Come Here Causes Continuance of Dynamiters' Trial.

### HAVE BEEN SET FOR MARCH 8

Failure of the deputy game warden to put in an appearance caused a postponement of the cases against John Toolen, Greely Perkins, Tom Keating and Hubert Moser, charged with using dynamite to kill fish. The cases were set for trial today in the circuit court, but when the game warden did not come Prosecutor Stevens filed a motion for continuance and it was sustained by the court.

The cases have now been set for trial March 8 and an effort will be made to get Lewis J. Amos, the game warden, who is the prosecuting witness here. Amos, it is understood, lives at Brookville and since he filed the affidavits against the men it is necessary that he be here at the trial.

The funeral services of Mrs. Elizabeth Gandy will be conducted Wednesday afternoon at the residence in East Tenth street, burial will take place in East Hill cemetery.

## TWO WEEKS AND ASSESSOR CALLS

Order of Ten Per Cent Increase in Real Estate Valuations is Expected to Cause Complaints.

### ASSESSORS MEET NEXT WEEK

Township Assessors Have Extra Duties Imposed Upon Them This Year.

The township assessors will meet here again next week with Henry Schrader, county assessor, to get their supplies and get final instructions as to their duties, which will begin two weeks from yesterday, the first day of March.

The township assessors were given preliminary instructions at the meeting with the county assessor here last Saturday. All township assessors, with the exception of one, were present. County Assessor Schrader reported the result of the meeting with the state tax commission in Indianapolis last Friday. A district meeting of assessors with members of the state board is called for next Friday at Richmond.

The ten per cent increase in the assessment of real estate, as agreed at the meeting Friday, is expected to cause many complaints because many persons think real estate is assessed high enough now. Real estate assessment is taken only every four years.

A study of the personal property schedules for 1915 shows that no change whatever has been made in them as compared with the schedules for 1914. Last year and the year before the instructions from the state board of tax commissioners relative to the assessments of live stock and grain will be received later. No definite instructions have been given so far as to the assessment of wheat. At the present market price people who are holding very much wheat may expect a rather large assessment. Eben H. Wolcott, member of the state board of tax commissioners, who addressed the meeting held in Indianapolis, Friday, told the assessors that about the only thing they could do in their annual work was to follow the law and assess property for what it is actually worth.

In addition to assessing property the township assessors will have another duty imposed upon them this year by the state bureau of statistics. They will have to learn how many acres of land each man rents, the number of acres of waste land, the number of acres of pasture land, etc. They also must secure figures on the crops of various kinds, the amount of butter, eggs and chickens, hogs, cattle and other live stock owned during the past year and on hand the first of this year. This work is not so particularly difficult, but it takes a great deal of time if it is done accurately.

### MAY NOT RECOVER.

Frank Beagle, of Clarksburg, who was wounded Saturday night in a revolver duel in Greensburg by Samuel Coulter, was not so well today and fears are expressed for his recovery. He has been taken to Clarksburg and the attending physician states that he fears complications may arise that will prove serious.

The funeral services of Miss Mary Poppo, who died yesterday at her home near Raleigh, will be held Wednesday morning at eleven o'clock in the Raleigh Christian church and burial will take place in the church cemetery.

## REQUEST FOR POLICEWOMEN

Legislative Council of Indiana Women Cite Case of Jennie Thompson, Portland Girl

### IN TOILS OF "WHITE SLAVER"

Letter Addressed to Legislators Today Calls Attention to Part Women Can Play

(By United Press) Indianapolis, Ind., Feb. 16.—In the face of apparent police indifference to the case of Jennie Thompson, 18, of Portland, Ind., whose innocence was her only protection when she was in the power of a "white slaver" the Legislative Council of Indiana Women today laid on the desk of each member of the legislature a letter asking them to enact a law providing for policewomen in the twenty-five largest cities in Indiana.

"Policewomen would lead the crusade against the white slave traffic," the letter stated. "They are not expected to wield a club and arrest noisy brawlers, their work is that left undone by the male policeman because he is not fitted to do it; to watch the first wayward step in amusement places, dance halls and on the streets."

The letter was issued just before the policewomen bill came up on divided committee report in the house. The house refused to kill the bill and adopted the minority report which was for passage.

The Thompson girl was taken to Portland on the seven o'clock car this morning by Major Preston of the Volunteers of America.

A man who gave his name as Harold J. Armstrong married Jennie Thompson at Portland, his inferior motive being to sell her into "white slavery." At least he made such a confession to Major Preston yesterday in Indianapolis, where Armstrong brought his youthful bride. He recanted, Major Preston said, when he saw the Thompson girl kneeling at her bedside in prayer. Armstrong escaped.

The girl tall, slender, and dark eyed, with pretty brown curls, her dream of a happy life in the city shattered, is heartbroken, thankful, however, that she escaped a terrible fate in the nick of time. With her is a little brother who accompanied her on the premise of employment here. Both are penniless, the husband robbing them of the little money they had brought with them.

The story sounds like that of lurid melodrama, the old, old case of the handsome stranger who appears in a small town, proposes to the trusting girl inside of two months, brings her to the city and then deserts her. The "villain" in this case however, did not intend to desert the girl until he had sold her into a life of shame, according to her confession to Maj. Preston.

The couple was married by a Portland minister, the man going under the name of Harold J. Armstrong. Later, when the police searched his belongings, they found that he also went by the name of R. H. Hagerman.

Learning of the man's deception, Maj. Preston detained him in a restaurant to await the arrival of detectives who had been notified. Instead two bicyclists were sent out and when the "slaver" saw them coming he bolted.

Not until the police arrived at the rooming house to learn what they could of her betrayer, did the girl know that the bright bubble had burst. Then she sobbed out her pathetic story.

"At first we were not going to be married until April," she said, "but

## FAVORABLE REPORT TODAY

House Acts on Measure to Oust Dr. J. N. Hurty.

(By United Press) Indianapolis, Ind., Feb. 16.—The majority of the house committee on health today reported favorably the Feick bill to oust Dr. J. N. Hurty, secretary of the State Board of Health. The members who signed a majority report were Kaufman, Kempton, Fale, Friend and Carlin Myers. The minority who opposed the bill were Niblack and Morris.

## AGREE TO STAND BY ADMINISTRATION

House Democratic Caucus Will Uphold Wilson in Ship Purchase Fight, Decided Today.

### CLARK MAKES AN APPEAL

(By United Press) Washington, Feb. 16.—House Democrats in caucus early today agreed to stand squarely behind the administration ship purchase bill as a party measure. This position was taken after Speaker Clark—defeated for the presidential nomination—eloquently pleaded for party solidarity.

"We have wandered sixteen years in the wilderness," said Speaker Clark to the caucus, which had first shown signs of wavering. "You will continue to wander there unless you follow your party leadership."

Obeys the house caucus, mandating the rule committee today reported favorable on the administration compromise bill with debate limited to six hours. Passage of the bill before adjournment was the program. A vote was expected about eight o'clock tonight.

## SENATE IS GOING TO FUSS WITH NEWS

Adopts Resolution to Investigate Charge of Newspaper That Taggart Dominates It.

### MAY HIRE SOME ATTORNEYS

Indianapolis, Ind., Feb. 16.—When Thomas Taggart, Democratic national committeeman, sent a communication through the senate today enclosing a clipping from the Indianapolis News in which the News charged that Taggart had "dominated the senate" in connection with the decrease of the Ballou ship and game bill two days ago, the senate passed a resolution to investigate the charge made by the News.

The charge made at the time was that Senator Ballou had been disciplined by the organization because he, a Democrat, had voted against the Mayor Bell finance board bill for Indianapolis.

The resolution was presented by Democratic Floor Leader Van Nys and it gave the senate committee thus provided for power to call witnesses and hire attorneys.

### PASSAGE ASSURED.

(By United Press) Washington, Feb. 16.—Passage by the house tonight of the compromise ship purchase bill was assured this afternoon when in a preliminary testing of the administration's strength the house adopted by 186 to 139 the "gag" rule bringing up the bill for consideration and limiting debate to six hours.

## BILL WILL GO BEFORE SENATE

State-Wide Direct Primary Measure Will be Considered Tomorrow by Request of Author.

### 36 BILLS KILLED BY HOUSE

Surprise Furnished When Measure to Give Partial Suffrage to Women is Introduced.

(By United Press)

Indianapolis, Ind., Feb. 16.—The house today adopted a motion of Representative Branaman chairman of the ways and means committee to make the general appropriation bill a special order of business for two p. m. Thursday.

Representative Perry Rule furnished a surprise by introducing in the house today the partial suffrage bill asked by the legislative Council of Indiana Women. The Democratic leaders had been given until today to decide whether they would back the bill.

It was learned the women had given the bill Representative Griffith to introduce and that he had turned it over to Representative Rule. The bill was referred to the committee on judiciary A.

The women had stated that they did not yet know whether the organization would present the bill and that they had received no word about it.

The bill closely follows the Illinois law which allows women to vote for president and city offices and for other offices not provided for in the state constitution.

Senator Rinear today moved that the Jones-Rinear direct primary bill be recalled from the committee on elections and placed upon its passage under the rule which says that the author of the bill recall it if it has remained in committee six days or over without report. Senator Van Nys moved it be reported by the committee at ten o'clock tomorrow. This brings the fight on the primary before the senate tomorrow.

The senate today passed the Neal bill which would regulate fraternal and benevolent orders by restricting the arbitrary increase in insurance.

Thirty-six bills were killed by the house today. Among them was the Jenkins bill to appropriate \$15,000 to provide for Indiana's part in the celebration of the freedom of the negro race in Chicago.

The infant child of Mr. and Mrs. Herbert Morris, of New Salem, died yesterday at the home of her parents, Mr. and Mrs. Harry Martin in Brookside. Burial took place today in New Salem.

The funeral services of Jess Leftwich will be conducted Wednesday morning at ten o'clock at the home residence near Anderson and will take place in East Hill cemetery.

### Watch Your Step

A business takes a step backward when it stands still.

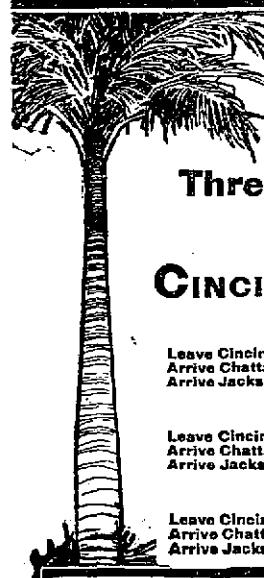

The day progress ceases, is the day dry rot begins.

Business should grow as the population increases—if it does not the possible reason is that competitors are more successful in attracting trade.

It advertises its right to live and to thrive—its capacity for service.

It uses newspapers for its advertising because they afford the most efficient means of reaching the public.

## A SIMPLE WAY TO REMOVE DANDRUFF

### Prevent Falling Hair and End Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid avron from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

About 50 were present and a very pleasant evening was passed.

John Galmer is sick with the grippe.

James Harley, an aged resident of Franklin county, died last week and was buried in Stoops Hill cemetery.

### A HEALTHY, HAPPY WIFE.

is the greatest inspiration a man can have and the life of the family, yet how many homes in this fair land are blighted by the ill health of wife and mother!

It may be backaches, headaches, the tortures of a displacement, or some ailment peculiar to her sex which makes life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, to restore her to health and happiness.

Spain sent a note to the neutral powers protesting against the expulsion of the Spanish minister, Jose Caro, from Mexico by General Carranza, and asks that joint action be taken to end what is termed a state of anarchy in Mexico. Washington dispatches say the United States government has not received any application for joint action in Mexico. It is manifestly the case that Spain thought it needless to send such a note to the United States be-

cause this government has failed to put down what is, to all appearances, a state of anarchy.

Don't prescribe medicine for yourself unless you know the amount and kind of drugs in the preparation. Don't take unproven remedies. Don't take poisonous or habit forming drugs. In other words, don't pour medicine of which you know nothing into a body of which you know less.

These are the vital points in an article published by the U. S. Public Health Service in the public health reports of February 12, which discusses the limitations of self-medication from a different point of view to that taken by either the ardent advocate of household remedies or the person who unqualifiedly condemns all medicines. It is obviously the right of every human being to select and take his own medicine, provided he does so without harm to himself or to others. Yet so many changes have taken place

since the days when our grandmothers gave us bone set tea or molasses and sulphur as spring medicine that modern self-drugging may be followed by disastrous effects. These may be direct as the result of harmful agents contained in the medicine itself or by reason of an improper method of administration. The human body is highly complex organism and in order to efficiently guard himself against possible ill effects, it is essentially necessary that an individual medicating himself be thoroughly informed as to the nature of the body processes as well as to the nature and composition of the medicaments which it is contemplated to use.

### PARTITION SUIT YEAR OLD SETTLED

Case of C. A. Miller vs. C. B. Hulsmann et al., Involving 170 Acres of Land, Out of Court.

### SPECIAL JUDGE APPOINTED

The partition suit of Charles A. Miller against Charles B. Hulsmann, et al., which has been "hanging fire" in the circuit court for over a year, was settled today and the final report of the commissioner, John A. Tindall, of Shelbyville was approved. The estate involved 170 acres of land in Shelby county. A. L. Gary acted as special judge in the case and approved the final report.

L. L. Broadbush of Cyntherville was appointed special judge to hear the petition of the American Creosoting Company against William Reddington, in which a review of the judgment and a stay of proceedings is asked. Reddington obtained a judgment for \$1500 against the creosoting company and when the case was withdrawn from the appellate court this proceeding was brought in the local court. The question of a bond to stay the judgment was to be taken up by Judge Broadbush this afternoon.

### FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says every body is using old-time recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

### SEEMS QUESTION OF WHO IS WHO

Not Much Difference in Registration

Bill Except as to What Name

Shall go on Its Back.

### LEGISLATURE IN AGREEMENT

About Only Difference in Proposed

Measures is Mileage Which In-  
spectors Shall Have:

(By United Press.)

Indianapolis, Feb. 16.—With the legislature in practical agreement over the sort of registration amendment to be adopted this session, the house nevertheless witnessed a desperate struggle today when the two amendments were reported by the election committee and the judiciary bill.

The struggle was over the serious matter of whose name should be registered on the back of the law.

There was the Kemp-Dragoo-Van Aken bill which came from the elections committee, and which seems to have the most backing at present, and there was the Feick-Deek-Fulton bill that came from Judiciary A. Both provide for a permanent registration in all precincts, city and country—and this is a radical amendment of the present law. They differ in minor matters such as mileage for registration inspector.

The most serious tangle over registration is that in which Rep. Feick has found himself. Feick first introduced a bill repealing the present law. When this was killed in the house elections committee he introduced another providing for registration only in cities over 10,000 population. This also was killed by the elections committee. His third bill is the one reported today.

There was one suggestion that these many fathers of registration ideas might combine on a compromise to be known as the Van Aken-Feick-Kemp-Dragoo-Deek-Fulton bill.

Both bills retain the provision whereby ten voters in a precinct may by petition keep the polls open for a second day. The Feick-Deek-Fulton bill allows 5 cents mileage and \$2 for going and coming of the inspector. The Kemp-Dragoo-Van Aken bill allows 10 cents mileage. Whereas the Feick-Deek-Fulton bill goes more into details, it would increase slightly the expense of registration, according to Kemp of the Kemp-Dragoo-Van Aken combination.

**A VALUABLE SUGGESTION****Important to Everyone**

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, aching bladder troubles, smarting or burning, brick-dust or sediment, yellow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiate has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp Root.

You may receive a sample bottle of Swamp Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the *Eustisville Daily Republican*.

BY HAL SHERIDAN  
(Written for United Press.)

New York, Feb. 16.—Now that Judge Landis' justly celebrated decision is expected, the sporting spotlight is beginning to shift its bleary eye to the southward. It is only a matter of days now until our old friend Chas. Horse will start paying his annual call to the training camp and the creaks and groans of stiffened muscles will reverberate through the north.

Practically all the big league clubs will carry their usual quota of embryo stars to the camps. The American league refused to condone the twenty-one player limit which the National magnates advocated and that means the usual number will go—and the usual number turned back.

Manager McGraw of the Giants will carry fully fifty recruits to Marlin this season. The Giants infield is thought to be practically intact now that Homs Lohert has plugged that hole at third, but McGraw thinks the outfield and pitching departments could stand a little bolstering and to that end is paying the expenses of more young pitchers and outfielders than in former years.

George Stallings' state, Georgia, is being much favored by baseball men this year, as a place to work out the kinks, particularly by the Feds. Four of the third circuit squads will train there as will the Champion Braves and the Yankees. Texas and Florida draw their usual number.

Brooklyn, N. Y., Feb. 16.—Jack Dillon, once more a contender for the middle weight championship since his announced arrangements to fight Chip twenty rounds, tonight will meet Tom McCarthy in a ten round fight. Tom is a cousin of the late Luther McCarthy, famed "white hope" who was killed in a battle with Arthur Pecky in Canada.

McCarthy is regarded as one of the toughest propositions ever produced in Montana. He recently earned a victory over Porky Flynn. Dillon also has defeated Flynn.

(By United Press.)

Amsterdam, Feb. 16.—Kaiser Wilhelm will give his blessing to German submarines as they take to sea on their mission of "starving out" England. The kaiser will go to Cuxhaven, the German naval base, on Thursday, February 18 when the new policy of raiding British merchant traffic is formally launched and will urge his under-sea terrors to wipe out English merchantmen. Dispatches from Berlin said this announcement had created wild enthusiasm there.

(U. P. Staff Correspondent.)

Berlin, Feb. 16.—The American government, press and public apparently do not realize to what extent and depth the bitterness of feeling throughout Germany against Americans is spreading. With the German press daily publishing dispatches tending to show that the United States is siding more and more with the allies, the people of Germany are becoming worked up to a point which it would be difficult to exaggerate.

Officials and American citizens here can not disguise their serious fears that some incident will occur that will lead up to a serious crisis. Wounded officers and men from the front openly charge that the German losses, now that the French are using American manufactured arms and ammunition, are much greater.

(By United Press.)

Indianapolis, Feb. 16.—Senator McCormick, author of the loan shark law and the pending amendment to prevent loan companies making what he calls excessive interest charges by "split loans" has received letters encouraging him in his fight. They come from many cities, including Columbus, Ind., Evansville and Terre Haute.

"The loan companies here charge a legal rate of interest but they refuse to lend for more than thirty days at a time," wrote a Terre Haute man. "They charge \$3 for services in making the loan. This makes the interest \$5 a month on \$100. At the end of the thirty days a 3 per cent renewal fee is charged. In twelve months the interest is \$12 and the renewal fees \$36, or the total interest is \$60 on \$100."

**INVESTIGATION IS CONSIDERED**

**Committee of Hold-Over Senators**

**Will Look Into Proposal to Merge State Universities.**

**THESE ARE PRESENT PLANS**

**Action on Bill For Merger Depends, it is Said, on How Much Money Schools Demand.**

(By United Press.)

Indianapolis, Feb. 16.—The senate finance committee composed of eight senators has very decided opinions concerning Indiana's educational institutions, and they are as different as they are positive. This is the committee that now has the Purdue-Indiana merger bill.

The probable course of the bill was indicated today by Senator Van Anken, its author and chairman of the finance committee. He said:

"In all probability the senate will appoint a committee of hold-over senators to make an investigation of the merits of the proposed change and report to the next meeting of the general assembly. This action probably will not be taken until after the appropriations for the schools have been made."

Regarding appropriations for the two institutions, Senator Summers of the committee had an interesting theory of the purpose of the bill.

"I think the committee will do nothing with this bill unless the two universities are too unreasonable in their demands for appropriations. In the past the schools have asked for more and more money each year and this must be stopped. If it is not ended the chances of a merger become greater each day this assembly is in session. In the past both schools have spent money lavishly for things absolutely unnecessary."

Senator Rinne and George C. Wood had interesting opinions. These members of the finance committee differed greatly. One would abolish everything but Purdue and the other would not change anything.

"I believe Indiana university and the State Normal at Terre Haute ought both to be abolished, leaving only Purdue to continue as the state university," Senator Wood, who is a former, is enthusiastic over the agricultural department of Purdue.

"My candid opinion is that our state educational institutions which have required years to build up should not be disturbed," said Senator Rinne of Bluffton. "Their usefulness during the period of readjustment would be greatly impaired, and I can see no crying need for the consolidation proposed in Senator Van Anken's bill."

Mayor Harris of Bloomington was in the city yesterday. He said the water situation in Bloomington is as good as that of any city of the state, because of the improvements made in the past few months. He said that because of the buildings that have been donated by private individuals with the understanding that Indiana remains there it would be very difficult to take the university away from Bloomington.

You have seen the museum mummy—take a hunch from him. He hasn't had any pleasure for over 5,000 years. He had his opportunity—did he get his share? Do you? Buy what you need and make life a pleasure to yourself and family. There will come a time when you can't. Ask the mummy, he knew once—did he enjoy life to the full extent as it was intended for him to do? He won't answer—it's up to you. For instance, if you need a New Storm Buggy or any other kind of a buggy, why don't you buy it and buy it now? We have plenty of them and we want to sell them. We have every style that was ever made, all colors of paint, all kinds of combinations. The man that deprives himself of all these comforts of life may leave a bigger tombstone to mark the hole he is finally forced to crawl into but he is a mummy all the years of his life. So get busy, buy yourself a buggy, buy the boy a buggy and get what pleasure you can out of life now. Next year may be too late. Don't forget our Opening on March 12-13. Come in and have a good time with us and don't forget to buy what you need to make life worth while. You will be a mummy soon enough.

NOT TO DIVIDE  
STATE OF TEXAS

Bill is Killed in Committee but Panhandle District Will Be Redistricted

## GETS MORE CONGRESSMEN

Charge Made That Liquor Interests Opposed Plan—Was to Have Been Called Jefferson

(By United Press.)

Austin, Texas, Feb. 16.—The bill to make a separate state out of the Panhandle section of Texas, although buried in committee today and rated to die by sentiment for the "grand old state," served its purpose. This was, as its author, Senator W. A. Johnson, pointed out in the preamble of his resolution, to force the redistricting of Texas in accordance with the last census.

The charge was specifically made that liquor interests were largely responsible for the failure to redistrict and give the Panhandle section fair representation in Congress. A "slush fund to control state politics" was mentioned, and the inhabitants of the proposed new state of Jefferson "wished to free of such domination," it was stated.

Immediately following the Johnson resolution, a redistricting bill was introduced and today was believed to be certain of passage at this session of the legislature.

The great size of Texas is known to every school child in America. The proposition to divide Texas into two or even more states is not a new one. But this year the suggestion was received with less ridicule than ever and few political wise-cracks were willing to predict that in the not distant future such a bill would have a fair chance of passing the legislature.

Senator Johnson's bill proposed to organize a new sovereign state out of the four western counties and the so-called Panhandle district. The preamble declared this section was entitled to two more Congressmen than it has today, that it supplies practically all the public school funds and pays to support free education in Texas out of all proportion to other parts of the state, and that its representation in the state legislature should be increased.

The bill provided for the organization of a legislature and a constitutional convention in the suggested new state.

he urged me to advance the date and I consented. My little brother was offered work and my parents thought it would be all right if he came along with me. Harold said he didn't have money enough to pay my brother's expenses, and so my grandfather paid his way. Now even that money is gone."

The confession which Armstrong alias Hagerman, made to Maj. Preston brought to light a sordid story of a criminal who still could be touched by the sight of a girl at prayer.

"I've got a confession to make" the well-dressed, crafty, young man told Maj. Preston, yesterday morning. After hesitating for a time he began:

"I've been crooked all my life. I'm a 'white slaver' and I married a girl under a fictitious name and brought her here to sell. I've been guilty of burglary and I've made lots of money dealing with resort keepers."

"Last night while we were in the room together this girl knelt down by the bed and said her prayers it sort of got me. I don't want to tell her what I've done and I don't know what to do."

Armstrong expressed no desire to reform. He only seemed to wish to give up his latest victim. After a cautious conversation Armstrong finally consented to take Preston to the rooming house on condition that he would pose as a friend and mention nothing of what he had learned. Preston then was led to 228 North Senate avenue.

An employee at the Volunteers' office had noted the address and called the police. After remaining with the girl as long as Armstrong would permit, Preston suggested that they go for lunch. The police tracked them to the restaurant on Indiana avenue from which the fugitive made his escape.

Increase of Three and One-Quarter Cents in Chicago Today Causes.

Five Cent Rise in Flour.

## \$1.52 BUSHEL OFFERED HERE

Wheat prices did not stay down long. After a temporary lull of a few days, the price is soaring again and threatening to get back to the high marks of a short time ago. The close on May wheat in Chicago today was \$1.62 1/2, which is a gain over yesterday's close of three and one-quarter cents. This resulted in the price of flour rising five cents on the sack today when the Rush County Mills notified local dealers that the price had gone up five cents. Only a few days ago the price of flour was reduced ten cents a sack. The local bid for wheat today was \$1.52 a bushel.

Wheat prices rose rapidly in Chicago today. With May wheat gaining three and one-quarter cents, July options also were up two and one-eighth cents, closing at \$1.36 and three-eighth cents. Corn and oats both revealed a loss today, with the exception of July oats options. May corn closed at 79 1/2 cents, a loss of one-half cent, and July was quoted at 80 1/4 cents, with a like loss. May oats closed at 60 3/4 cents, a loss of one-eighth of one cent, and July at 57 cents, a gain of three-eighths of a cent.

TAKE SALTS TO  
FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, wastes and poison, else you feel a full misery in the kidney region, sharp pains in the back or sick headache, diarrhea, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.
